TO HELP MOVE CROP

Atlanta Banks Issue $2,000,000 In Clearing House Certificates.

SECURITIES ARE GILT EDGED

Trio of Governors Who Meet in Atlanta Friday Will Consider Offer Made by the Southern Railway Lines.

Atlanta, Nov. 1.—In order to facilitate the movement of the cotton crop and to prevent any curtailment of general business as a result of the present stringency of the money market, the seven banks composing the Atlanta Clearing House association Wednesday decided to authorize the issuance of two million dollars in clearing house certificates, every dollar of which will be backed by a dollar and a half of gilt-edge securities placed in the hands of C. E. Currier, president of the Atlanta National bank; R. J. Lowry, president of the Lowry National bank, and W. L. Peel, president of the Maddox-Rucker Banking company, as trustees.

Each of the Clearing House banks Wednesday took out $50,000. For this $350,000 in clearing house certificates securities valued at $525,000 have been placed in the hands of the trustees.

These certificates will be issued in denominations of fives, tens, twenties, fifties, hundreds and five hundreds. They will be good for any obligation and will be received in payment of taxes or any other debt.

In addition to this action the clearing house banks decided to limit payments against all accounts to $50 in one day or $100 in one week. Exceptions to this rule will be made in the case of payrolls. Pay rolls will be paid in certificates for all denominations of $5 and over, and in cash for all denominations under $5.

The Germania Savings bank, the Georgia Savings Bank and Trust company, and the Union Savings bank will follow the rules adopted by the clearing house banks as to paying out money held by them on accounts and certificates of deposit.

The Atlanta banks have only taken this course after similar action by the banks of every financial center of the country. They have $20,000,000 in deposits and were never in better shape, their stock selling at an average of $250 per share, and could have continued without the use of clearing house certificates so far as their own business is concerned, but for the sake of the multiform interests of the state they decided that the time had come for them to resort to this expedient to increase the circulating medium.

LUISIANA TO FOLLOW.

Proposed Legislation for the Regulation of Corporations.

New Orleans, La., Nov. 1.—The passage in Louisiana of laws similar to those recently enacted or proposed in other southern states for the regulation of corporations was Wednesday placed before the coming extra session of the state assembly by proclamation of Lieutenant Governor J. Y. Sanders.

The ousting from the state of corporations which oppose state laws, or state suits, by appeals to federal courts, is one of the measures urged. Others included in the investigation and regulation of telephone, telegraph, railroad and express companies' business. The extra session meets November 11.

$10,000 Fire at Nichols, Ga.

Nichols, Ga., Nov. 1.—The Farmers and Merchants ginnery was destroyed by fire, burning several thousand dollars' worth of cotton. The large commissary belonging to Hon. G. W. Doen and the residences of H. P. Kemp and M. L. Singletary were also burned. There was no insurance on the ginnery of Mr. Singletary's residence, but the commissary building and Mr. Kemp's residence were partially covered by insurance. The loss is estimated at from $8,000 to $10,000. The fire originated in the elevator.

U. D. C. CONVENTION.

Georgia Division of the Order Meets at Augusta, Ga.

Augusta, Ga., Nov. 1.—The state convention of the Georgia Daughters of the Confederacy was opened on Wednesday morning at 10 o'clock.

Rev. J. T. Plunket, pastor of the first Presbyterian church, pronounced the invocation. The address of welcome was delivered by Mrs. John W. Clarke, president of the Augusta chapter. Mrs. R. H. Taylor, of Griffin, made the response.

The morning session was devoted to routine work, such as the presentation of credentials and the reports of the various officers. A recess of 15 minutes was taken immediately after the opening for an informal reception. At 1 o'clock the first session adjourned and a half hour later the delegates and local members were entertained at a delightful luncheon, at which the local confederate veterans were hosts.

Mrs. Hull, the president of the Georgia division, read her annual report. The principal matter of interest it contained was the reference to the Wirz monument which is soon to be erected either at Andersonville or Americus. The erection of the monument is assured.

NEGRO STATE FAIR.

Opened at Macon on Wednesday—Will last for Ten Days.

Macon, Ga., Nov. 1.—Great progress in the mechanical arts and in agriculture by the negroes of Georgia is shown by the exhibits at the negro state fair, which opened here Wednesday.

The exhibits, which are unusually numerous and diversified, are all in place, and the attendance at the opening day was large.

Mayor Bridges Smith of Macon delivered an address at the opening exercises, in which he congratulated the colored people of the state on the excellent showing made.

On Friday Chancellor Barrow of the Georgia State university will deliver an address. Booker T. Washington will be present at the exercises on that day, and will speak.

The fair will last for ten days.

Rev. W. T. Lambert performed the ceremony. The bride was a young school girl and left home with her books at the usual hour as if she was going to school.

By appointment, however, she and Mr. Merritt met and came to Columbus and before the school girl was missed she had become her sweetheart's bride.

Urged to Hold Cotton.

Monroe, Ga., Nov. 1.—President Duckworth, of the Georgia division of the Farmers' union, addressed a large audience of farmers and business men here and made a very strong speech urging the farmers to hold their cotton. His remarks were greeted with applause, and his hearers showed in many ways their sympathy with his advice. His address was greatly enjoyed.

RAILROADS WILLING

Would Accept a Rate of 2 3-4

COMPROMISE IS PROPOSED

Savings Banks Will Also Adopt the Rules Laid Down by the Clearing House Banks as to Paying Out Money Held by Them.

Washington, Nov. 1.—It can be stated on the best of authority that the Southern railway is willing to put in effect a 2 3-4 cent passenger rate in Georgia, Virginia and North Carolina, using as a basis the compromise agreement reached with Governor Comer, of Alabama.

This compromise rate, which has already been offered North Carolina, and which is being considered by Governor Glenn pending the conference with southern governors in Atlanta, Ga., on Friday, is to be brought to the attention of Governors Smith, of Georgia, and Swanson, of Virginia. In fact, there is reason for saying that the Southern has already brought the matter to the attention of both executives. The understanding is that the other railroads operating in the south will be governed by any action taken by the officials of the Southern railway.

Question of Accepting Compromise.

The question of accepting this compromise rate which the Southern has offered the four states mentioned, is the principal uestion that will come before the conference of the governors in Atlanta. It is presumed here that Governor Comer, who suggested the conference, will urge the acceptance of the Southern's offer of compromise, namely, a 2 3-4 cent rate. This is to be expected, since the Alabama executive has already tied himself to the agreement.

Governor Glenn, while favoring a uniform rate, will antagonize any effort to commit the conference of governors to a 2 3-4 cent rate. There prevails in North Carolina a 2 1-4 cent rate and in Virginia a straight 2-cent rate, so it is easy to realize that Governors Glenn and Swanson will resist any effort to increase the rates already in effect in their states.

It is understood that Governor Glenn is willing to make a concession in the matter of existing rates on one condition. That condition is the application for a 2½-cent rate to interstate as well as intrastate passengers.

Governors Will Hardly Accept.

Governor Comer has been criticised by advocates of reduced passenger rates for accepting the compromise proposed by the Southern, and from what has been learned here during the past twenty-four hours there is little prospect that the railroad's offer will be approved by the governors.

Karatagh Disaster.

St. Petersburg, Nov. 1.—No further information has been received here regarding the disaster at Karatagh in the province of Bokhara. A dispatch from Tashkend says that the total population did not exceed 5,000 as a rule, though the number of inhabitants was somewhat larger in the summer as Karatagh is frequented as a pleasure resort by the people of Hissar.

Federal Judge Arrested.

Chicago, Nov. 1.—Judge Peter C. Grosscup, of the United States circuit court was served with a warrant charging him with manslaughter. Judge Grosscup is a director in an electric railway at Mattoon, Ill., on which several people were recently killed in a collision. Judge Grosscup was required to furnish a bond of $5,000, and the serving was a mere formality.

None Fatally Injured.

Topeka, Kans., Nov. 1.—None of the eight persons injured Wednesday night in the derailment near Herrington, Kans., of westbound El Paso passenger train No. 2 on the Rock Island, was fatally hurt. They were brought to the company's hospital here and it was stated that they would probably be able to resume their journeys.

MASONS ELECT OFFICERS.

Thos. H. Jeffries, of Atlanta, Chosen Grand Master.

Macon, Ga., Nov. 1.—Thomas H. Jeffries, of Atlanta, was Wednesday morning elected grand master of the grand lodge of Georgia Masons, defeating the former grand master, Max Meyerhardt, of Rome. Mr. Meyerhardt is served eight terms. The contest was a most spirited and exciting one. The ballot was secret.

The other officers selected were as follows:

Deputy Grand Master—Henry Banks of LaGrange.

Senior Grand Warden—George M. Napier, of Monroe.

Junior Grand Warden—Robert L. Colding, of Savannah.

Grand Secretary—William A. Wolihin of Macon.

Grand Treasurer—J. M. Rushin of Boston.

Grand Tyler—Lee Wages, of Macon.

Messrs. Wolihin, Rushin and Wages were re-elected to positions heretofore held by them. The others were advanced a peg.

EX-ALDERMAN'S TRIAL.

Acquitted on One Count, He Now Faces Another.

Chattanooga, Tenn., Nov. 1—Thos. P. McMahon, ex-alderman, who was acquitted of a charge of bribery, was placed on trial on another count on Wednesday. Four witnesses were examined, one of whom, W. M. Lassley, stated that he had paid to McMahon $1,950 as commission for securing reconsideration of the awarding of a contract to Guild & Co., and which contract afterwards was given to Lassley's firm.

John Noll, of Noll & Thompson, contractors, said he paid McMahon $500 for a contract from the city.

The state's case is not yet complete.

The chairman and one member of the present board of public works and an ex-member of the board are also under indictment in connection with the same transaction.

Risked Life to Save Wardrobe.

Tallapoosa, Ga., Nov. 1.—Tuesday forenoon the two-story frame house owned and occupied by J. M. Jones was discovered on fire in the upper story. It was but a few minutes until the surging flames burst through the roof in two places. A. H. Cooledge, son of F. J. Cooledge, of Atlanta, Ga., was seated in a livery rig for a 10-mile drive to Bremen, when the alarm was sounded. He jumped out and ran to the fire, where he spared neither effort or clothes, distinguishing himself by heroic work. He rushed upstairs, where Miss Dicie Jones, the eldest daughter, a young lady, had gone despite the menacing flames, to secure her wardrobe, and rescued her from the fire when it had well nigh compassed her, making destruction seem imminent.

Hurry Call for Cash.

Chicago, Nov. 1.—The Chicago postoffice went to the rescue of postoffices in the west in a material way Wednesday as a result of the financial stringency. Postmasters of many towns were seriously handicapped by the lack of currency with which to pay money orders and a hurry call was sent to Chicago for aid. The appeal will probably result in this city sending out a considerable amount of currency, as at Postmaster Campbell's office it was said there was plenty of money on hand.

Delegates Are Named.

Jackson, Miss., Nov. 1.—Governor Hardaman has named the following delegates to the national drainage congress that meets in Baltimore on Nov. 25 to 27: J. Q. Poindexter, of Ravine; I. F. Reinwater, of Sardis; Stewart Watson, of Lexington; L. H. Memphill, of Water Valley; Guy J. Rencher, of DeKalb; J. M. Coen, of Mispah; J. A. Hearne, of Moselle; J. F. Smith, of Sartartia; Van H. FEW CIRCUSES ARE NOW IN THE SOUTH

Railroads Seem to Have Combined Against Hauling Them.

A HEAVY SUIT FOR DAMAGES

On the Southern, Which Caused the Business in the South to Receive a Black Eye—Advance Agent Mangum Gives His View of the Reason.

The circus-going people of Gainesville will learn with interest why there are so few big railroad shows coming to this section of the country. According to Franc Mangum, press agent for Gentry Brothers' Famous Shows, which is announced to exhibit here, the railroads are directly responsible for this deplorable state of affairs.

In speaking of this matter Friday, Mr. Mangum said:

"A majority of the important railroads have already announced their determination not to haul circus trains on their Southern lines. This rule has been effective on the Southern, the Seaboard Air Line and the Central of Georgia this season, and the probabilities are that next year other roads will adopt such a policy.

"When only one trunk line handles circuses it quite naturally limits a show's territory, and therefore makes it unprofitable for more than one circus to visit the cities reached by the railroad in question. The Atlantic Coast Line brought all of the shows South this season, handling Gentry Brothers' exhibition, the Buffalo Bill attraction, and the Hagenbeck-Wallace circus. The former was the first to come South, although the last to reach Florida, and will be exhibiting in Dixieland when the other shows have gone into winter quarters. This is because Gentry Brothers' show is 'playing' many really good cities, such as Gainesville, Ocala and Palatka, that were not visited by either of the other enterprises.

"If the railroads maintain their present attitude—and it was caused by the wrecking of a show, which cost the Southern a big sum—there will not be more than one circus a season for the South in the future."

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

HUNTING SEASON OPENED.

Many Gainesville People Took Advantage of First Opportunity.

Friday, November 1, ushered in the season for hunting of quail as provided by law, with the result that the woods were full of sportsmen, and many an unfortunate bird fell under the perfect aim of "the man behind the gun."

For the past few days the sportsmen of this city have been cleaning up their faithful fire-pieces, and even as early as Thursday several of them left for the woods on a camp, preparing to get down to business at dawn on the following day.

Those in a position to know state that quail will not be as plentiful in this section the present season as in former years. There seems to be no special reason for this, but the fact of the scarcity is evident.

FEAR OF LYNCHING NEGRO BROUGHT HERE

Bisbee DeSue Alleged to Have Shot White Man Near Starke.

WHEN PEOPLE WERE INFORMED

Excitement Ran High, and It Was Thought Best for the Safety of the Negro to Bring Him to Gainesville. Victim Well Known Young Man.

Bisbee DeSue, a well-known negro of Bradford county, is in the Alachua county jail, charged with a serious crime, and it became necessary for the authorities to bring him to Gainesville Thursday night in order to prevent a lynching in Bradford.

The man was brought to this city by Sheriff Langford, who placed him in prison here for safe keeping. DeSue will probably be kept here until the next session of the circuit court for Bradford county, which will be in the spring of next year, as the fall term of the court for that county is just coming to a close.

The Starke Telegraph of Friday has the following account of the charge for which DeSue is held:

"Wednesday evening Jesse Reddish, who lives with his parents, Mr. and Mrs. Wm. Reddish, about seven miles north of Starke, came home from Raiford, where he had been to sell a load of cotton. After putting up his team he went to a pasture some distance from the residence to catch a saddle horse. Leading the horse homeward he came up with two colored men, Bisbee and Rollis DeSue, and the three went along in company. Reddish had been drinking and the negroes bantered him for some liquor, which he presently gave them. Having arrived at his home Reddish put the horse in the lot and the negroes prepared to go to their home about one and a half miles from the Reddish place. Reddish then said that if they would saddle his horse while he went into the house he would go along with them a piece. This they promised to do, but when Reddish came out again the negroes were gone without having saddled the animal. This displeased Reddish, and he mounted the horse and went over to the DeSue place. Arriving there he called for Bisbee DeSue, who came out. Reddish upbraided DeSue for not saddling the horse as he had told him to do; DeSue answered him in disrespectful language and soon the two and Rollis DeSue were in a hot dispute. Bisbee DeSue then drew a revolver and shot at Reddish. The bullet took effect just below the chest. Reddish then shot twice at DeSue, but without hitting him, as the latter was running away.

"Reddish then left the place, going to his horse without mounting, and after having gone a short distance fell down on the ground. Feeling faint and weak he soon rose to his feet and went to the home of Jack Green, near by. Arriving there in a very bad plight. He told what had happened and sent word to Reddish's people. Some of the family having gone to the scene, Sheriff Langford started to arrest Bisbee DeSue. N. W. Francis was also called. When the doctor arrived at the wounded man's home he found that the wound was of a very serious nature and advised that the patient be taken to Starke, where he could receive careful medical attention. Reddish, the wounded man, was conveyed to Starke for treatment, and on his return the sheriff went to the home of Bisbee DeSue, in this city, and arrested Alvarez, in this city, who is in a critical condition.

"Coroner Gunter and Gunter probed the wound Thursday morning, found that the bullet had penetrated the lung and had lodged in the back. The physicians were unable to say.

"Sheriff Langford, accompanied by Deputy Arthur Alvarez, went to Starke Wednesday night and arrested DeSue at home and brought him to Gainesville. Bisbee is a son of the Bisbee DeSue, who was killed in a row with parties some time ago. He is in the county jail awaiting developments. He has made the statement that Jesse Reddish fired at him five times and that he (Bisbee DeSue) did not shoot at all and does not know how Reddish happened to be wounded.

"Feeling against the negro was high in town Thursday and when Judge Wills was appraised of the state of public sentiment he instructed Sheriff Langford to transfer DeSue to the county jail at Gainesville. Accordingly Sheriff Langford left with the prisoner for Gainesville by the 5 o'clock train Thursday afternoon. Few people in town knew of the transfer until the train was well on its way to Gainesville."

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorders of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle sent free by mail, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SERMONETTES

BY J. MARVIN NICHOLS.

Believe in yourself if nobody else does.

No man can enjoy freedom until he gives it.

The secrets of love's confessional are always sacred.

There are some terrible battles that we must wage all alone.

You cannot believe in the love of God until first you believe in the love of man.

To forsake one in the hour of the heart's greatest need is never to have loved at all.

That man is ten thousand times a millionaire who finds in some tender, trustful heart a shelter in the time of storm.

Look the world squarely in the face. It may take years and years, but—somewhere, somewhen—there's a way out of every difficulty.

You are to be pitied if you have never known a degree of poverty, or if you have had no heart-hunger, or if no one has misunderstood you.

We owe it to ourselves to train one to continue the work we begin. After all, we are to last no longer than the time we have lived in the hearts of the oncoming generations.

In some of the most desperate struggles of life there are times when all the world mistrusts you. The greatest reason is they have not the eye to see the star that guides you.

Do your best! There are those who, by the measure of either their egotism or their natively larger capacity, would require more of you. They raise a standard that they themselves will never reach. But do your best! The judgment bar will reveal to some deluded souls why you did not do more.

That rare seer, Maltbie Babcock, says that a man may make a mistake by being in the wrong place. A man in the wrong place—wrong not for someone else but for him—finds out the fact in failure. Perhaps the bayonet of circumstance drove him where he is. Perhaps it was his father's fault, who trained up the child in the way his brother ought to have gone. Whatever the cause, the result is the same. What is to be done? If the way is open out of the wrong place to the right place, go! But if the mistake cannot be remedied, then make the best of things of yourself. It is never too late to do that. You have broken your sword. Throw away the half blade! Never! Show what you can do with a half a blade.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

GENTRY BROTHERS COMING.

These Famous Shows Will Appear in Gainesville on November 6.

All of Gainesville's little folk are looking forward to the coming of Gentry Brothers' Famous Shows, the biggest and best of all trained-animal exhibitions, which is announced to appear in this city next Wednesday afternoon and night. There are also hundreds of the larger children who are just as eager to see the circus.

Gentry Brothers' exhibition will be the only big show coming to Gainesville this year. Somehow or other, this city was overlooked by the circuses that have already toured Florida, and it remains for Gentry Brothers' show to get the crowds and the money.

Gentry Brothers are sending the largest of their four shows to Gainesville this year. It is not the little dog and pony show which the people of the South are accustomed to seeing, but a great trained-animal exhibition, augmented by two score of thrilling and sensational trapeze, acrobatic and juggling acts.

The acts by the trained Shetland ponies, dogs, elephants, monkeys, beasts of the jungle, sheep, cows, cats and even pigs, are easily features, but the performances of the famous Levine family of trapezists, the wonderful Flying Zereldas, the Imperial Troupe of Japanese tumblers, Marcel and Lennett, and the five juggling Normans are the ones that thrill.

The menagerie of Gentry Brothers' Famous Shows is the largest ever brought South. There are elephants, camels, monkeys, zebras, all of the wild and ferocious beasts of the jungle, Shetland ponies, dogs, sheep, cows, cats, pigs—all trained and "educated." There is not an animal with the show that does not perform.

The show will parade the streets of Gainesville next Wednesday morning.

DEATH OF MR. T. S. ROGERS.

Brother of Rev. S. B. Rogers Dies in Tennessee.

The sad intelligence was received in this city Friday of the death of Mr. T. S. Rogers, brother of Rev. S. B. Rogers, pastor of the First Baptist church of this city, which occurred in Greeneville, Tenn., at 11 o'clock a. m., in the forty-third year of his age. Deceased was operated upon ten days ago for gall-stone, but the operation was delayed too long to have the desired effect.

Dr. Rogers was not feeling sufficiently well to go to Tennessee to attend the funeral, which he deeply regrets. He has the deepest sympathy of the entire people of Gainesville in his sad bereavement.

Will Go on Hunt.

Rev. W. C. Foster of Alachua passed through the city Friday en route to Rodman, Putnam county, where he will fill his regular appointment tomorrow.

Mr. Foster is a very enthusiastic sportsman, and, like his friend, President Roosevelt, wants to go after big game. As a result he has formed a congenial hunting party comprising Rev. J. B. Holley, formerly of this city but now of Augusta, Ga., Rev. R. L. Motley of Atlanta, and himself, and on Monday morning early they expect to proceed to the Ocklawaha swamps in search of deer.

The party will be absent several days, and anticipate some fine sport.

This is Worth Remembering.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. J. W. McCollum & Co.

MORE GOLD COIN.

Philadelphia Mint Will Coin $15,000,000 in Yellow Metal.

Philadelphia, Pa., Nov. 1.—Orders from Washington for the immediate coining of $15,000,000 in double eagles in order to help relieve the money stringency finds the Philadelphia mint prepared for the task.

It is expected that employees at the mint will have to work overtime in order to get the gold coin out quickly.

Fortunately, the silver coinage for the year is well out of the way, sufficient subsidiary silver coin having been already turned out in anticipation of the usual demand for it during the Christmas holidays.

The coinage of $15,000,000 of gold will consume about three-fifths of the bullion now at the mint.

THE NEW LICENSE LAW.

The Pensacola correspondent of The Jacksonville Times-Union says if the interpretation of the State laws as placed by State Attorney J. Walter Kehoe is correct there will be no more shipments of liquors from Pensacola to the dry counties of this State. He holds that the last Legislature passed an act not only prohibiting the soliciting of business either by mail or otherwise, but also prohibited the shipment of liquors into the dry counties, and acting in his capacity of State attorney Mr. Kehoe proposes to see that those violating the law are prosecuted. Pensacola wholesale liquors dealers have been supplying the dry counties with liquor and the business has grown to immense proportions, but under the new law this must be stopped. In a statement issued this morning the State attorney said: "The Act of 1907 provides that no license shall authorize any person, dealer or agent to sell, accept or solicit orders for or deliver any spirituous, vinous or malt liquors in any county or voting precinct where the sale of such liquors is prohibited and any person so doing shall, upon conviction be punished as for a sale of liquor without a license. This law is very broad in its terms and it is my opinion that a person, whether by word of mouth, by telephone message or by printed letter or circular who solicits one in a dry precinct or a dry county to buy such liquors is violating the spirit and the letter of the law. The statute quoted also prohibits delivering in any county or precinct, and from reading the statute it would appear that any person, corporation or agent who delivers or causes to be delivered any such liquor in any prohibition territory would be liable to prosecution and conviction the same as if he were a regular dealer or seller of such liquors." If the construction of the law is correct liquor dealers in Pensacola will not even be allowed to deliver goods in certain sections of the city, as precincts have given a majority for the [illegible] and consequently goods cannot be delivered there.

A DANGEROUS PRECEDENT.

The New York Commercial says Congressman Littlefield of the Second Maine district—a lawyer of recognized ability and especially on constitutional points—has very properly informed Secretary Metcalf that he has been badly advised by Attorney-General Bonaparte in the matter of coal freights for the battleship fleet on its forthcoming Pacific cruise. The Federal statutes clearly forbid the transport of freight from one American port to another in foreign vessels; yet the Attorney-General, it will be recalled, gave the navy department an official ruling to the effect that the United States Government—that is, the sovereignty that alone can execute its own laws—is not itself bound by this prohibition. The Maine Congressman, thousands of whose constituents own in and sail coastwise and cross-seas shipping and all of whom are compelled by law to ship their coastwise freights in American bottoms, writes the secretary of the navy very pointedly that this is brand-new doctrine that his legal adviser is preaching. "It may possibly be," he says, "that the United States has over and above all other persons a right to engage in the coastwise trade, or that its rights in that regard are distinguishable from and superior to those of an individual citizen; but if that be true, it is safe to say that the Attorney-General is entitled to the credit of discovering and for the first time asserting this convenient feature of 'regal dignity.'" And the Supreme Court of the United States is not lacking in decisions declaring that the Federal Government possesses no prerogative of sovereignty that would exempt it from obedience to a law which a person is bound to obey. That Government has already chartered British bottoms to carry coal from Lambert's Point to San Francisco—both American ports; under the law that coal will be forfeit—the ships, as a foreigner, going free. While from one point of view it would be an absurdity for the Government to declare its own cargo forfeit to itself as the penalty for law-breaking, the department of justice should order one of these cargoes seized and then have them formally declared forfeit to the United States before unloading them. If it doesn't, it will be responsible for one of the most dangerous precedents ever established. It will be openly inviting the chartering by private shippers of British Norwegian and German "tramps" for freights between the coal ports and other ports of the United States. And what justification could it then consistently project for seizing the cargoes?

Years and years ago the North American Indians tied their captives to trees and amused themselves by throwing tomahawks and shooting arrows at them, not for the purpose of killing them outright but seeing how closely they could miss. That was called savagery. The other evening in a Missouri city the members of one college class caught twenty members of another class, stripped them of their outer clothing, tied them to trees, threw water over them and left them all night in an almost freezing temperature. That is called college fun. The difference between savagery and fun, it seems, is whether they do it or we do it.—Savannah News.

THE ROAD TO MARKET.

According to Franklin, the "road to market" was "plain" even more than a century ago.

The years have brought a succession of improved methods of traveling on this same old road, nowever; and now the former weary time and distance have been almost obliterated.

Just as steam and electricity have shortened the distance between London and Liverpool, Paris and Marseille, New York and Chicago, so has newspaper publicity shortened the distance between your market and you!

You can still travel from one city to another by ox-team, and have a fair chance of reaching your destination sometime. But you would not willingly choose the ox-team for a thousand-mile trip if a fast express train were available.

So it is in traveling on this "road to market!" You might find your market sometime by using the ox-cart sort of publicity—the poster and sign-board sort; but why not eliminate time and distance and annoyance and disappointments by taking the fast express to your market—which is typified by modern, aggressive and adequate newspaper advertising.

GOLD EXPORT CHECKED.

Bank of England Raises Rate of Discount to 5½ Per Cent.

London, Nov. 1.—The rate of discount of the Bank of England was raised Thursday from 4½ to 5½ per cent. The increase has been regarded as a foregone conclusion as consequence of the inroads made upon the Bank of England's stock of gold by the demands from America and the recent rise in the discount rate of the Imperial bank of Germany.

Since last Thursday the United States secured about 3,200,000 pounds sterling in gold from the Bank of England and in the open market, and the bank's reserve has been reduced to about 21,500,000 pounds sterling. which, however, was 3,500,000 pounds sterling higher than at this time last year when the bank rate was 6 per cent.

It was hoped early in the month that the Bank of England might finish the year without increasing the rate but the financial flurry in America upset these calculations and caused unwelcome pressure.

WHERE IS HITCHCOCK?

Actor Wanted on Serious Charges, Is Still Missing.

New York, Nov. 1.—The sudden disappearance of Raymond Hitchcock, the comedian, has not yet been cleared up.

About the time the news of his failure to appear at the theater on Broadway where he has been starring, began to spread in the theatrical district he was being indicted by the grand jury for alleged misconduct with three little girls. The indictments charge him with felonies.

Several theories are advanced as to the whereabouts of the missing actor. One is that he is bound for Europe and that the steamer he is on is the White Star liner Majestic, which left about an hour after he was last seen here. Another is that he had met with foul play, and yet another is that he has committed suicide having become crazed by the accusations against him.

Overdue Steamer Arrives.

Charleston, S. C., Oct. 31.—The schooner Ella L. Davenport, Captain Schofield, from Port Royal, S. C., with lumber for New York, came into Charleston for harbor Tuesday. The schooner sailed twenty-three days ago from Port Royal, but met with a storm off Hatteras and was driven back south by wind and waves. The deck load was lost and the mate injured. The vessel will have to be repaired.

This Babe a Heavyweight

Chicago, Nov. 1.—A dispatch to the Tribune from Parkersburg, W. Va., says that a remarkable freak of nature is an infant of W. H. Banes, an employee of a factory at Matoaka. The babe, which is named William, is one month old and weighs 11½ pounds. The child at birth was of normal weight, but has increased in size and weight steadily until it now weighs almost as much as its mother.

Losing Cup For Miss Gould.

New York, Oct. 31.—The syndicate which owns the North Atlantic fleet of steam yachts, including the Niagara, in which Miss Helen M. Gould cruised on Nov. 15 to 27, is said to have ordered that the cup won by the fleet in the race from Gibraltar to the Cape Verde Islands shall be sold. The cup is about $2,000.

"Kid" McCoy a Detective.

New York, Oct. 31.—Norman Selby, known as "Kid" McCoy, the pugilist, has gone into the detective business with Frank Peabody, a Central Office detective here. They have opened a detective agency in Fifth avenue.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy of *known composition* a secret nostrum *of unknown composition*. Don't do it.

QUICK WIT IN WAR.

How Mosby Turned a Situation to His Own Advantage.

Much of the success of Colonel Mosby and his partisan rangers in the Shenandoah valley was due to their dash and bravery, but an almost equal amount to the quick wit of their leader, who, says the author of "Mosby's Men," was never at a loss to turn a situation to his own advantage.

One night, while scouting with four or five of his men on the Winchester pike, he saw a squad of cavalry approaching from the direction of town. It was the Federal patrol on its rounds, and Mosby and his men were between them and their camp. When they got within hail they stopped and inquired of the Confederates who they were.

"Friends, with the countersign," replied Colonel Mosby, with his best imitation Yankee twang.

"One of you advance, then, and give the countersign," was the response.

"No," said the colonel sharply, "you are coming from the direction of the enemy. One of you advance."

As this was an entirely correct proposition, one of them rode forward. When he came up the colonel said to him in a low but terribly distinct voice as he leveled his revolver at him:

"Give the alarm and you are a dead man! I am Mosby. Call to the others that it is all right and to come on."

The prisoner did so and five more of Uncle Sam's gallant defenders marched confidently up to the muzzles of as many revolvers and quietly surrendered.

DOGS IN BAGDAD.

Why They Do Not Loot the Food Bazaars of the Town.

Bagdad is alive with more or less hungry dogs. How is it that such packs of furies do not loot the bazaars of the town? The explanation is as simple as it is interesting. The Bagdad shop fronts are absolutely open. The goat and mutton carcasses are hung where every dog that runs can reach them. But time out of mind the first glance of a dog's eye toward forbidden dainties has been visited with the swift descent on him of a cudgel or a hatchet.

On one of a series of marches parallel with the Euphrates I chanced to meet a desert horde whose greyhounds are in high repute. Buying a brace of saplings, I took them on with me, lodging them in the tent and doing everything that was possible to make them feel at home.

Surprising to relate, they obstinately refused both food and water. The remains of a venison pasty seemed at once to attract and repel them. A pan of water appealed to them even more strongly, but they would not go up to it.

After a time a Persian muleteer explained the mystery in a twinkling. No sooner did he upset the water and [illegible] the viands on the ground before these than the silky eared ones ran in like Trojans and made up in a few moments for a day's fasting.

Accustomed to lap from the river, from irrigational channels and from sheets of surface water and reared among people who do not use tables, they had been taught by many a buffet to keep their noses out of cooking pots and vessels of every description.

In Bagdad man and beast alike drink of the great river, which also forms the arterial common sewer of the city, the place where clothes are washed and the "Stygian wave" into which is dragged every beast of burden when it is not left to lie where it has fallen. The muddy bottom, with the water ever receding, the exposed surfaces thick with impurities and the tropical sun "sucking up all the infections," must be a regular hotbed of miasma and pestilence.

And yet, miracle dieu, Bagdad is [illegible] as eastern cities go, unhealthy. But let the reader imagine to himself what the Bagdad of the foregoing short description would be like without the dogs that scavenge it. Refuse animal and vegetable matter is largely disposed of by the dogs, in situ.—Nineteenth Century.

An Old Timer.

In an old diary bearing the date of 1775 several pages are devoted to cash accounts. On one of these is a quaintly worded statement, duly witnessed and dated.

The spelling is not particularly commendable, but spelling was an uncertain art in those days and even now is a gift denied to some:

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff as it destroys the germ that causes it. The same germ causes hair to fall out and later baldness. In killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
